FOUNDED 1905

## BAYLOR UNIVERSITY

Baylor is a University consisting of ten schools and colleges, located at Waco, Dallas and Houston, Texas. The University is a member of the following organizations: The Association of Texas Colleges, The Southern Association of Colleges and Secondary Schools, The Association of American Colleges, The American Council on Education, The Conference of Deans of Southern Graduate Schools and the American Association of University Women. The College of Medicine is rated Class A by the Council on Medical Education and Hospitals and by the Association of American Medical Colleges. The College of Dentistry is fully approved by the Council on Dental Education of the American Dental Association. It is a member of the American Association of Dental Schools. The School of Business is an associate member of the American Association of Collegiate Schools of Business. The School of Law is a member of the Association of American Law Schools and is on the approved list of the American Bar Association. The School of Music is a member of the National Association of Schools of Music, and a member of the Texas Association of Music Schools. The School of Nursing is accredited by the Board of Nurse Examiners for the State of Texas. The Department of Journalism is accredited by the American Society of Journalism School Administrators. The Radio Program is approved by the University Association for Professional Radio Education.

### At Waco, Texas

The College of Arts and Sciences, George M. Smith, Ph.D., Dean.  
The Graduate School, Leonard A. Duce, Ph.D., Dean.  
The School of Education, Lorena Stretch, Ph.D., Dean.  
The School of Business, Aldon S. Lang, Ph.D., Dean.  
The School of Law, Abner V. McCall, A.B., LL.M., Dean.  
The School of Music, Daniel A. Sternberg, Dean.  
The School of Nursing, Frances McKenna, R.N., B.S., A.M., Dean.

For information concerning the schools at Waco, address the Registrar, Baylor University, Waco, Texas.

### At Dallas, Texas

The College of Dentistry, Harry B. McCarthy, B.S., M.S., D.D.S., F.A.C.D., Dean.  
The Graduate Research Institute, Joseph M. Hill, M.D., D.Sc., Dean.

### At Houston, Texas

The College of Medicine, Stanley W. Olson, B.S., M.S., M.D., Dean.

For information concerning the schools at Dallas and Houston, address the dean of the school about which information is desired.

### At San Antonio, Texas (For military personnel only)

Brooke Army Medical Center.  
Affiliated Graduate program in Clinical Medicine.  
Affiliated Graduate program in Hospital Administration.  
Affiliated Graduate program in Clinical Dentistry.

## Professors Emeritus

- SAM H. BROCK,\* D.D.S., F.A.C.D., Professor Emeritus of Radiodontia.  
D.D.S., Atlanta Dental College, F.A.C.D., Diplomate of the American Board  
of Oral Surgery.
- IRA JAY THORNTON, D.D.S., F.A.C.D., Professor Emeritus of Oral Histology.  
D.D.S., Northeastern University, F.A.C.D.

## Officers of Instruction

- J. J. ADDISON†, M.D., D.D.S., Member of Attending Staff for Hospital Train-  
ing Program.  
M.D., Baylor University, D.D.S., Ibid.
- JAMES A. BARNARD, B.Sc., D.D.S., Instructor in Oral Surgery.  
B.Sc., Baylor University; D.D.S., Ibid.
- JAMES W. BASS, M.D., Lecturer in Public Health, Department of Health.  
M.D., Baylor University.
- SETH LEE BARRON, D.D.S., F.A.C.D., Lecturer in Endodontia.  
D.D.S., University of Louisville.
- HORACE R. BEACHUM, D.D.S., F.A.C.D., Associate Professor of Full Denture  
Prosthesis.  
D.D.S., State Dental College.
- BROOKS BELL, D.D.S., F.I.C.D., Professor of Orthodontics.  
D.D.S., Baylor University, F.I.C.D.
- WELDEN E. BELL,\* D.D.S., Lecturer in Oral Diagnosis.  
D.D.S., Baylor University, F.A.C.D., Diplomate of the American Board of  
Oral Surgery.
- WILLIAM R. BERK, M.D., Instructor in Anatomy.  
M.D., University of Kansas.
- JACK G. BISHOP, B.Sc., M.S., Ph.D., Associate Professor of Physiology and  
Chairman of the Department.  
B.Sc., North Texas State College; M.S., Ibid; Ph.D., Indiana University.
- ALLEN BOOKATZ, A.B., M.D., Assistant Professor of Anatomy.  
A.B., Miami University; M.D., Western Reserve University.
- CHARLES FREDERICK BOUSCHOR, D.D.S., F.A.C.D., Professor of Operative Den-  
tistry and Chairman of the Department.  
D.D.S., University of Minnesota.
- JOHN T. BRACKEEN, D.D.S., Instructor in Clinical Dentistry.  
D.D.S., Baylor University.
- R. A. BRAESICKE, B.Sc., D.D.S., Instructor in Children's Dentistry.  
B.Sc., East Texas Baptist College; D.D.S., Baylor University.
- BILL R. BROWN, B.Sc., D.D.S., Instructor in Oral Diagnosis.  
B.Sc., Southern Methodist University; D.D.S., Baylor University.

- D. LAMAR BYRD,† D.D.S., M.S.D., Professor of Oral Surgery and Chairman of the Department.  
D.D.S., University of Texas, M.S.D., Northwestern University, Diplomate of the American Board of Oral Surgery.
- JOHN ANDREW CAMERON, A.B., A.M., PH.D., Professor of Anatomy and Director of Graduate Study.  
A.B., University of Nebraska, A.M., Ibid., PH.D., University of Missouri, Fellow of the General Education Board of the Rockefeller Foundation at Harvard University.
- M. L. CARLTON, D.D.S., Instructor in Operative Dentistry.  
D.D.S., Emory University.
- DUDLEY RIMES CARPENTER, D.D.S., Instructor in Operative Dentistry.  
D.D.S., Baylor University.
- THOMAS A. CHRISTIAN, B.A., D.D.S., Instructor in Clinical Dentistry.  
B.A., Southern Methodist University, D.D.S., Baylor University.
- WILLIAM T. CLEARY, D.D.S., Instructor in Operative Dentistry.  
D.D.S., Baylor University.
- J. W. COBB, D.D.S., Instructor in Oral Diagnosis.  
D.D.S., Baylor University.
- WILLIAM R. COGGINS, D.D.S., Instructor in Crown and Bridge.  
D.D.S., Baylor University.
- C. KENNETH COLLINGS, B.Sc., A.M., D.D.S., Professor of Periodontia and Physiology and Chairman of the Department of Periodontia.  
B.Sc., University of Missouri, A.M., Ibid., D.D.S., Baylor University, Diplomate of the American Board of Periodontology.
- YVONNIE M. CORDRAY, B.Sc., M.D., Instructor in Anatomy.  
B.Sc., University of Georgia, M.D., Medical College of the University of Georgia.
- RAYMOND F. COURTIN, M.S., M.D., Professor of General Anesthesiology.  
M.S., University of Minnesota, M.D., St. Thomas of London, Diplomate of the American Board of Anesthesiology.
- HOWARD K. CRUTCHER, JR., M.D., Teaching Fellow in Anatomy.  
M.D., Baylor University.
- E. R. COX, B.Sc., M.D., Professor of Physiology.  
B.Sc., East Texas State College, M.D., Baylor University.
- THOMAS R. COX, B.A., M.D., Assistant Professor of Pathology.  
B.A., Southern Methodist University, M.D., Baylor University, Diplomate of the American Board of Pathology.
- JOHN M. DAVIES, B.Sc., D.D.S., Instructor in Endodontia.  
B.Sc., Southern Methodist University, D.D.S., Baylor University.
- O. E. DICKINSON, B.Sc., D.D.S., Instructor in Operative Dentistry.  
B.Sc., Midwestern University, D.D.S., Baylor University.

- ROLAND H. W. DRECHSEL, JR., B.Sc., D.D.S., Instructor in Dental Anatomy.  
B.Sc., Texas Wesleyan College, D.D.S., Baylor University.
- KEITH R. EVANS, D.D.S., Instructor in Operative Dentistry.  
D.D.S., University of Minnesota.
- ERWIN J. FARRELL, D.D.S., Associate Professor of Operative Dentistry.  
D.D.S., University of Minnesota.
- JOE FAVORS, D.D.S., F.A.C.D., Assistant Professor of Orthodontics.  
D.D.S., Baylor University.
- GEORGE P. FOSMIRE, A.B., M.D., Teaching Fellow in Anatomy.  
A.B., Kansas University, M.D., Kansas University School of Medicine.
- CHARLES G. FOWLER, M.S., D.D.S., Associate Professor of Chemistry.  
B.Sc., North Texas State College, M.S., Ibid., D.D.S., Baylor University.
- ELVIN K. FRANKLIN, D.D.S., Instructor in Clinical Oral Surgery.  
D.D.S., Baylor University.
- MELVIN R. FRANKLIN, D.D.S., Instructor in Clinical Oral Surgery.  
D.D.S., Baylor University.
- W. N. FUQUA, B.Sc., M.D., Lecturer in Physical Diagnosis and Preventive Dentistry.  
B.Sc., Baylor University, D.D.S., Ibid., M.D., Ibid., Diplomate of the American Boards of Surgery and Oral Surgery.
- J. HUBERT GEYER, B.Sc., M.S., Associate Professor of Anatomy and Physiology.  
B.Sc., University of Louisville, M.S., Ibid.
- EDWARD M. GRUBE, B.A., M.M.A., Director of Visual Education.  
B.A., Southern Methodist University, M.M.A., Southwestern Medical College of the University of Texas.
- SOL HABERMAN, A.B., M.A., PH.D., Professor of Bacteriology and Chairman of the Department.  
A.B., University of Texas, M.A., Ibid., PH.D., Ohio State University.
- DOROTHY HALL, B.Sc., M.T., Instructor in Bacteriology.  
B.Sc., Texas State College for Women.
- WILLIAM LLOYD HALL, M.D., Instructor in Anatomy.  
M.D., Southwestern Medical School of the University of Texas.
- EMMITT HANCOCK, D.D.S., Instructor in Oral Surgery.  
D.D.S., Baylor University.
- BARBARA HARPER, M.T., Instructor in Bacteriology.
- H. T. HAYES, A.B., M.D., Instructor in Anatomy.  
A.B., Mercer University, M.D., University of Georgia Medical School.
- CHARLES R. HENRY, B.Sc., Instructor in Pharmacology.  
B.Sc., University of Texas.
- JOSEPH M. HILL, B.Sc., M.D., D.H.C., D.Sc., Professor of Pathology.  
Director of the Laboratories of Baylor University Hospital, Dean, Graduate Research Institute, Director of the J. K. and Susie L. Wadley Blood and

- Serum Center, Diplomate of the American Board of Pathology.  
B.Sc., University of Buffalo, M.D., Ibid., D.H.C., University of Guadelahara,  
D.Sc., Baylor University.
- GLENN R. HILLIN†, D.D.S., F.A.C.D., Instructor in Oral Surgery.  
D.D.S., Baylor University, Diplomate of the American Board of Oral  
Surgery.
- ALBERT P. HORTON, D.D.S., Professor of Children's Dentistry and Chairman of  
the Department.  
D.D.S., University of Buffalo.
- GRIFFIN B. HOWARD, B.Sc., D.D.S., Instructor in Operative Dentistry.  
B.Sc., Troy State College, D.D.S., Baylor University.
- JAMES B. HUTCHESON, A.B., M.D., Assistant Professor of Pathology.  
A.B., Emory and Henry College, M.D., University of Virginia.
- GEORGE W. HUTCHISON, L.L.B., Lecturer in Jurisprudence.  
L.L.B., University of Chicago.
- R. E. KARPER, D.D.S., Assistant Professor of Operative Dentistry.  
D.D.S., Baylor University.
- GEORGE S. KENDRICK, B.Sc., D.D.S., M.S.D., Instructor in Histology.  
B.Sc., East Texas State Teachers College, D.D.S., University of Texas.  
M.S.D., Northwestern University.
- CHARLES J. KING, D.D.S., Professor of Crown and Bridge and Chairman of the  
Department.  
D.D.S., Western Reserve University.
- WALTER KROHN, M.D., Instructor in Pathology.  
M.D., University of Leitzig Ehlangen, Wurzburg, Germany.
- JOSEPH P. LAMBERT, D.D.S., Assistant Professor of Prosthetics and Acting  
Chairman of the Department.  
D.D.S., Baylor University.
- ROBERT D. LONDEREE, D.D.S., Instructor in Oral Surgery.  
D.D.S., University of Pittsburgh.
- W. H. LOUWIEN, D.D.S., Lecturer in Operative Dentistry.  
D.D.S., Baylor University.
- NICHOLAS H. LUND, A.B., D.D.S., Instructor in Crown and Bridge.  
A.B., Henderson State Teachers College, D.D.S., Baylor University.
- VERNOR F. LOVETT, B.Sc., M.D., Teaching Fellow in Anatomy.  
B.Sc., University of Arizona, M.D., Northwestern University Medical School.
- HARRY B. MCCARTHY, B.Sc., M.A., D.D.S., Dean, Professor of Dental History,  
Dental Ethics and Practice Management.  
B.Sc., University of Maryland, M.A., Ibid., D.D.S., Ibid.
- KENNETH McALEXANDER, B.Sc., D.D.S., Instructor in Oral Surgery.  
B.Sc., Baylor University, D.D.S., Ibid.
- PAULINE BERRY MACK, A.B., A.M., PH.D., Sc.D., Lecturer in Nutrition.  
Dean and Director of Research, College of Household Arts and Sciences,

Texas State College for Women.

A.B., Missouri State University, A.M., Columbia University, PH.D., Pennsylvania State University.

W. GORDON MADDOX, PH.G., M.D., Lecturer in Principles of Medicine.  
PH.G. University of Texas, M.D., Baylor University.

LESTER MATTHEWS, B.SC., M.S., PH.D., Assistant Professor of Anatomy and Physiology.  
B.Sc., North Texas State, M.S., Ibid., PH.D., University of Illinois.

W. H. MEYER, B.SC., D.D.S., Teaching Fellow in Prosthetics.  
B.Sc., Baylor University, D.D.S., University of St. Louis.

STEVE MOBLEY, B.A., D.D.S., Instructor in Pedodontia.  
B.A., University of Texas, D.D.S., Baylor University.

B. C. MOORE, D.D.S., Instructor in Operative Dentistry.  
D.D.S., Baylor University.

ROBERT H. ORRAHOOD, D.D.S., Instructor in Endodontia.  
D.D.S., University of Maryland.

SAMUEL RAGLAND PARKS, D.D.S., F.A.C.D., Professor of Oral Medicine.  
D.D.S., University of Louisville, Diplomate of the American Board of Peridontology.

CHARLES M. PEARCE, D.D.S., Instructor in Oral Diagnosis and Radiology and Chairman of the Department.  
D.D.S., Baylor University.

### Visiting Clinicians

BIBB BALLARD, D.D.S., Clinical Orthodontics.

D.D.S., Atlanta Southern Dental College.

A. B. CONLEY, D.D.S., F.A.C.D., Clinical Orthodontics.

D.D.S., State Dental College.

J. HOBSON CROOK, D.D.S., Clinical Endodontia.

D.D.S., Baylor University.

W. H. DELAFIELD, D.D.S., Clinical Orthodontics.

D.D.S., Baylor University.

B. GLENN DOUGLAS, D.D.S., Clinical Pedodontics.

D.D.S., Baylor University.

ROY J EUBANKS,† D.D.S., Clinical Oral Surgery.

D.D.S., Baylor University.

G. A. MCJIMSEY, D.D.S., Clinical Orthodontics.

D.D.S., Baylor University.

J. F. PRICHARD, D.D.S., F.A.C.D., Clinical Periodontia.

D.D.S., Baylor University.

HOMER SIMPSON, D.D.S., Clinical Prosthodontics.

D.D.S., Baylor University.

JOHN H. SMILEY, D.D.S., Clinical Prosthodontics.

D.D.S., Baylor University.

TOM WILLIAMS, D.D.S., Clinical Orthodontics.

D.D.S., Baylor University.

CLAUDE D. WINBORN, M.D., Clinical Otolaryngologist.

M.D., Baylor University.

CHARLES YATES, D.D.S., Clinical Pedodontics.

D.D.S., Baylor University.

### Honorary Lecturers

A. B. CONLY, D.D.S., State Dental College, F.A.C.D., Orthodontics, Dallas.

LOYD ALVIN CRABB, D.D.S., State Dental College, F.A.C.D., Prosthetics, Dallas.

BARNEY E. FARMER, D.D.S., Louisville College of Dentistry, Prosthetics, Austin.

M. G. GOODE, D.D.S., Baylor University, Prosthetics, Dallas.

 HENRY LEAKE RICE, D.D.S., Baylor University, Practice Management, Dallas.  
 PAUL GUY SPENCER, D.D.S., Kansas City College of Dentistry, Orthodontics,  
 Boerne.  
 JUANITA WADE, D.D.S., State Dental College, Periodontia, Dallas.

### Special Lecturers and Clinicians for Graduate Program in Periodontia

- M. M. SCURRY, B.A., M.D., Special Lecturer in Physical Diagnosis and Internal  
 Medicine.  
 B.A., University of Texas, M.D., Ibid., Fellow the American College of  
 Physicians.  
 COLEMAN JACOBSEN, B.A., M.D., Special Lecturer in Dermatology.  
 B.A., University of Iowa, M.D., Ibid.  
 PHELPS J. MURPHEY, D.D.S., F.A.C.D., Clinician and Consultant in Cephalo-  
 metrics.  
 D.D.S., Baylor University.  
 TOM M. WILLIAMS, D.D.S., Special Lecturer in Orthodontics.  
 D.D.S., Baylor University.  
 JOHN H. SWINDLE, JR., D.D.S., Lecturer and Clinical Consultant in Periodon-  
 tology.  
 D.D.S., Baylor University.  
 RICHARD C. BRYARLY, D.D.S., Lecturer and Clinical Consultant in Periodontology.  
 D.D.S., Baylor University.  
 JAMES PEDEN, B.Sc., M.D., Special Lecturer in Psychiatry.  
 B.Sc., Southern Methodist University, M.D., Baylor University.

### Assisting Staff

- MISS BOBBIE JO AWALT, Stenographer.  
 MR. ROBERT H. BOLEN, B.B.A., Chief Accountant.  
 MRS. MILDRED B. CASE, Assistant, Clinical Records.  
 MISS ALICE COOPER, Secretary, Caruth School of Dental Hygiene.  
 MRS. KATE DUNCAN, Prosthetics Office.  
 MRS. RAI EPPSTEIN, Histological Technician.  
 MRS. ANNA C. GEYER, B.A., Librarian.

Mrs. DORIS GILCHRIST, Business Office.  
Mrs. MARY E. GRAVES, Assistant Cashier.  
Rev. ROY HARRELL, B.A., Director of Student Religious Activities.  
Mrs. EDNA HEARTFIELD, Purchasing Agent and Burser for Veterans.  
Mrs. LOYCE JEAN HOOPER, Surgical Nurse.  
Mrs. BURNIECE A. JACKS, X-ray Technician.  
Miss DARLENE JACKSON, R.N., Periodontia.  
Mr. THOMAS R. LEAVELL, Business Manager.  
Mrs. DORIS E. MACKAY, Assistant, Registrar's Office.  
Mrs. MARY W. NEWTON, Librarian.  
Miss NELLIE E. PITTS, Clinical Records Custodian.  
Mrs. MISSOULA RATHBONE, Faculty Secretary.  
Mr. HARRY A. SCHREINER, Maintenance Department.  
Mrs. RUTH SIMS, Assistant, Oral Surgery Department.  
Miss RUTH A. SIMS, B.A., Laboratory Technician.  
Mrs. EULA MAE THOMAS, PBX Operator.  
Mrs. OLA WHITAKER, Sterilization.  
Mrs. SOPHIE WHITE, Cashier.  
Miss GLADYS YATES, B.Sc., B.A., Alumni and Publications Office.  
Mrs. CLOTILDE ZIMMERMAN, Secretary to the Dean.

## GENERAL INFORMATION

### Historical Statement

In 1845 Baylor University was chartered by the Republic of Texas, being the first university organized in the State. In 1886 it was re-chartered, placed under the control of the Baptist General Convention of Texas and located at Waco in consolidation with Waco University.

Judge Robert Emmett Bledsoe Baylor, for whom the University was named was born in Lincoln County, Kentucky, May 10, 1793, and died at Gay Hill, Texas, January 6, 1874. The son of Walker Baylor, who commanded Washington's Life Guards, Judge Baylor served in the War of 1812, the Kentucky legislature, the Alabama legislature, and in the 21st U. S. Congress. In the Creek War he commanded a regiment of Alabama volunteers. Moving to Texas, he became a member of the Supreme Court and of the State Constitutional Convention. For twenty-one years he served in Texas as a district judge. Baylor County, Texas, was named for him.

From time to time the University acquired the College of Medicine, University Hospital, and School of Nursing, all located in Dallas, and in 1918 the Board of Trustees took over the College of Dentistry which

had been organized at Dallas in 1905 and was known as the State Dental College, making it an integral and coordinate part of the University. The Caruth School of Dental Hygiene opened in September 1955.

### Organization

The Board of Trustees of Baylor University has complete jurisdiction over the entire teaching plant of Baylor located in Dallas. In matters concerning the Dallas units, a committee consisting of the Trustees living in or near Dallas has the power to act. The internal management of the College of Dentistry is delegated to the Dean and the faculty of Dentistry.

### Buildings and Equipment

The Dental College is located in a central part of the city with convenient transportation to all sections. The dental clinic building is a new four-story structure completely air conditioned throughout, which makes for ideal working and studying conditions winter and summer.

The clinics, classrooms and laboratories are large, well laid out and fully equipped with the most modern teaching aids. An abundance of clinic patients affords the student ample opportunity to gain an insight into all types of dental conditions with which he will be confronted when he opens his own practice. The course of instruction is so arranged that the greater part of the student's time during his junior and senior years can be spent working in the clinics, thus securing the clinical experience so necessary for a dentist.

A new Basic Science Building attached to the dental clinic building containing over 22,000 square feet was first used for classes in September 1954. Is it modern in every respect, fully air conditioned, and has elevator service to all floors. It provides adequate facilities for the teaching of Anatomy, Bacteriology, Chemistry, Histology, Pathology, Physiology and Pharmacology. Ample space is provided for research in all departments. The administration offices are in this new building. A large room has been provided for the development of a museum on the first floor.

Space is also provided in this building for the Caruth School of Dental Hygiene.

### The Library

The Dental Library is a unit of the Baylor-in-Dallas Scientific Library which includes also the Medical, Nursing, Hospital, and Wadley Blood Center collections. They total more than 10,000 bound volumes and more than 360 journals are currently received.

Two full-time librarians are employed. The fine Library Building, given to the University by the Alumni and Faculty several years ago, is now fully air-conditioned and equipped for year-round library service.

Faculty and students are urged to request books and journals not now owned by the library. The resources of the library are open to all members of the dental and medical professions and to others who may be interested.

### Requirements for Admission

The requirement for admission to the College of Dentistry is graduation and completion of fifteen units in an accredited high school, plus three years of pre-dental college work in an approved institution of learning.

The following are the desired pre-dental requirements for applicants:

The successful completion of three full academic years of work (90 semester hours or 135 quarter hours) in an accredited college of liberal arts and sciences. Required work in Military Science, Physical Education and Music are not to be included. The college course must include at least a year's credit in each of the following subjects: English, Biology, Physics, Inorganic Chemistry and Organic Chemistry.

In some cases where the applicant shows only a half year's credit in Organic Chemistry, but has a high grade-point average and has obtained an unusually good ADA aptitude test score, he may be considered for enrollment with less than the 3 full years of college work. But in no case will he be considered with less than the prescribed 60 semester hours of credit as established by the Council on Dental Education of the American Dental Association.

A student must have an average of "C+" or better to be considered.

Preference is given to applicants who have better than "C plus" averages, and to those who have degrees.

Not more than 60 semester hours of underclass or junior college work will normally be accepted. Preference is shown to those whose grades and hours in the basic sciences are above average. Those who can arrange

to offer one and one-half to two years of biology instead of one year find their Dental studies will be better founded. Comparative Anat and Embryology are especially recommended. One or more years of eign language, while not required, will make easier the acquisition of terminology necessary in any scientific course of study.

A thorough physical examination is required of all entering stude

After the specific requirements are met, we suggest that the pre-de training be as cultural as possible in the fields of social science, fine and humanities. A course in bookkeeping or general accountancy wil of great benefit to a dentist.

Any student planning to enter dental college under a government should contact his Regional Veterans' Administration Office.

### Junior American Dental Association

There is at Baylor University College of Dentistry a Junior Amer Dental Association Society. Students who belong to this society are matically Junior members of the American Dental Association, and entitled to the privileges thereof, including the journal of the A.D.A

It is a college requirement for all students to become members.

It is felt that students will continue as active members of their de societies after graduation if they have been active in this society du their school years.

### Courses of Instruction

Baylor University offers the following courses in Dentistry:

(a) The regular four-year dental course leading to the degree of I tor of Dental Surgery. All the work is given in Dallas.

(b) Combination degree course. Any student who has completed prescribed three years, or more, in Baylor University at Waco, or presents proper credits for two years of work from an approved junio senior college, upon completion of three additional quarters of work a total of 45 quarter hours in Baylor University at Waco, and who completed one year in the Baylor College of Dentistry, may be given degree of Bachelor of Science. Specific degree requirements must fully met.

(c) Postgraduate work (See page 24).

(d) Graduate work leading to the degree of B.Sc. in Dentistry M.Sc. in Dentistry (See pages 24 & 25, et sc.).

- (e) A two-year course in Dental Hygiene.

### **Rules and Regulations for Examinations and Class Standing**

The following rules are subject to change by the faculty at any time:

Regular attendance in all courses is required. Only sickness or death in the immediate family will excuse a student from attending class.

The minimum passing grade is 75 per cent. A grade of 65 per cent to 74 per cent inclusive, is a condition; below 65 per cent, a failure. A grade once entered at the Registrar's Office cannot be changed except by a vote of the Faculty.

Promotion, demotion, and elimination of students is determined by the committee for each year on promotion, which consists of the heads of the departments in which the student has been registered during the year, or trimester, and the Dean.

Students receiving conditions in not more than two courses shall be eligible for examination to remove these conditions at the regular time set for such supplementary examinations. The instructor of the course in which such condition occurs may require any additional work from the student he deems necessary. For each such supplementary examination a fee of \$5.00 in each course must be paid prior to the date of examination.

A student failing to appear for re-examination at the regular appointed time for such examination forfeits all privileges of re-examination and shall be considered as having failed, unless it can be shown that such student had valid and sufficient reason for absence. If the Faculty decides that such reasons are sufficient, the student shall be granted the privilege of a special examination.

A condition not removed on re-examination becomes a failure. Any student required to repeat a year's work and failing any subject during the repeated year shall be denied further registration in this college.

No student will be permitted to enter any part of any year's work while any scholastic deficiency remains in effect on his record for the previous year.

No student will be accepted into any class who has any unremoved failures, or conditions, on his record at any other Dental or Medical school. Transfer students will be required to present a letter of honorable dismissal from each Dental or Medical school previously attended.

The faculty reserves the right to refuse to admit, and the right to dismiss, any student whose attendance, character or attitude is deemed not to be in the best interest of the school.

### Requirements for Graduation

To receive the degree of Doctor of Dental Surgery a candidate must have attained the age of twenty-one years, and be of good moral character. He must have satisfactorily completed the prescribed courses of study, passed the examinations therein and complied with all technical, laboratory and clinical requirements.

No student will be recommended for a degree until all financial obligations pertaining to his dental studies have been discharged.

### Vaccination

All students matriculating are required to be satisfactorily vaccinated against smallpox, and they are urged to submit to vaccination against typhoid-paratyphoid fevers.

### Loan Funds

The Baylor Round-Up Loan Fund — This fund was established by the Round-Up Publications Board of the Dallas division of Baylor University. Limited loans from this fund are made to Senior students.

The Kellogg Loan Fund — During the summer of 1942, Baylor University College of Dentistry received the sum of ten thousand dollars from the Kellogg Foundation. This sum is to be used as a loan fund for members of the student body who are in need of financial assistance. Students who wish to participate in these loans must show that they are in need of such assistance and be in good standing both morally and scholastically. Freshmen students are not eligible for loans from this fund.

Texas State Dental Auxiliary Loan Fund — The Ladies Auxiliary of the Texas State Dental Society has generously provided the sum of \$7,500.00 for loans in assistance to worthy Dental Students.

Dr. Marion Webster Loan Fund — The Dr. Marion F. Webster Loan Fund was made available to junior and senior students in October 1951, shortly after his death. Dr. Webster had been a loyal and helpful alumnus during his entire professional life.

Applications for loans from the above funds should be made through the Dean's office.

### Permission for Outside Work

Rule governing outside work. While the school does not recommend such practice, yet it is aware that there are cases where a student may find it necessary to do some outside work in order to help finance his way through school. Such work can usually be found. However, if a student finds it necessary to obtain work to meet such expenses, he must register in the Dean's Office the name of the place where he works and the hours of such work. In no case can a student accept a position which conflicts with his regularly scheduled school hours, or hold a position which in the opinion of the faculty is detrimental to his progress in the dental school or his health.

### Textbooks and Instruments

Students are required to purchase their own textbooks and instruments. Such items become their own personal property and are taken with them when they graduate. In addition to the better opportunity for study and work afforded while at college by individual possession, these will serve as a nucleus of a future dental office and library. Each student is expected to purchase and retain new books and instruments as required by the official school lists. He must maintain instruments and apparatus in good condition. Books and instruments can be secured in a packet at the school on the day of registration. The student will find it necessary to buy technic material and supplies from time to time during the course. This expense cannot be accurately estimated.

#### First Year

Instruments including skull .....	Approx. \$370.00
Books .....	111.15
	<hr/>
	\$481.15

#### Second Year

Instruments .....	Approx. \$800.00
Books .....	146.00
	<hr/>
	\$946.00

**Third Year**

Instruments .....	Approx. \$204.00
Books .....	86.00
	<hr/>
	\$290.00

**Fourth Year**

Books .....	\$ 20.00
-------------	----------

Due to present uncertainties these figures are subject to change from month to month.

**University Honors****Omicron Kappa Upsilon**

This is an honorary National Dental Society founded in 1914 for the purpose of promoting scholarship among dental students. The Omicron Chapter was established at Baylor in 1925.

Each year the society is entitled to elect as members twelve percent of the graduating class. Membership is awarded to students who have completed their clinical work and throughout their dental course have met every requirement and have maintained high scholarship in their university work.

**Matriculation and Registration**

Matriculation can be granted only to students who have filled the necessary credits on an approved form, bearing the seal of the institution from which the credits come. Prospective matriculants are requested to submit their credits as early as possible before the opening of the regular session. Applicants for advanced standing must submit a letter of honorable dismissal from each College previously attended, in addition to their pre-dental and dental credits.

All students are required to register with the Registrar at the beginning of the school year on the dates specified in the calendar.

New students who fail to report for registration at the specified time may lose their place in the class unless they have previously received permission for late registration. Previously matriculated students who fail to

register on any of the days set aside for that purpose will be charged an additional fee of \$5.00.

The University reserves the right to refuse registration to any student and also the right to correct any mistake in classification due to misinformation in registration.

### Admission to Advanced Standing

The College may receive into the advanced grades of the second and third years only students who hold certificates of having passed examinations in the studies of the first year respectively in a school which demands the same or higher preliminary educational requirements and maintains the same curriculum. Students who present satisfactory evidence of graduation from a reputable medical college, or with two full years' credit from a Class A medical school approved by the American Medical Association, may also be given such advanced standing as their previous training may justify, provided they make up the prescribed subjects in which they may be deficient.

### Tuition and Fees

Tuition, \$750.00 per academic year, payable in three installments of \$250.00 each on the first day of each trimester.

No reduction of fees is made and no fee returnable when paid.

No grades are issued until all financial obligations to the University are discharged.

Students failing to pay tuition and fees on the day specified will be charged a fine of \$10.00. If fees have not been paid within five days of registration date, the student will be deprived further privileges in his class unless arrangements have been made through the Dean's office for such delay in payment of fees.

Students not appearing for examinations on specified dates will be required to pay a fee of \$5.00 for each special examination.

Each student in the Freshman, Sophomore and Junior years will be charged a microscope fee of \$5.00 per trimester.

A graduation fee of \$25.00 will be charged.

A matriculation fee is required of every student upon first admittance to the College — \$10.00.

Re-registration fee required of all Sophomore, Junior and Senior students, at the beginning of school year — \$2.00.

Laboratory fee per academic year required of all students — \$15.00.

An application fee of \$10.00 will be charged all applicants to the school when college credits are sent in to be evaluated. The fee must accompany the application.

Student Activity Fee annually — \$10.00. Payable at time of Fall registration. This includes the college yearbook and Junior A.D.A. membership.

Fee for absence 3 days prior and 3 days after a holiday — \$5.00 for each class missed.

A \$5.00 breakage fee deposit is required in Freshman, Sophomore and Junior years.

### Post Graduate Work at the College of Dentistry

*Bachelor of Science in Dentistry* — This is a professional degree conferred by the College of Dentistry.

1. Candidate must possess the degree of D.D.S., D.M.D. or equivalent from a recognized School or College of Dentistry.
2. Forty-five quarter hours of work must be completed — approximately half in the basic sciences and half in the clinical subjects of Dentistry. All the work must be done during a period of six consecutive years.
3. The degree program for each candidate is set up according to his individual needs by a supervising committee appointed by the Chairman of the Graduate Committee.
4. Successful candidates are recommended to the Dean of the College of Dentistry by the Graduate Committee.

### Graduate Work at the College of Dentistry

The degree of Master of Science, with a major in some field of clinical Dentistry, and minors in preclinical fields, is offered in Dallas through the Dental Division of the Graduate School of Baylor University. A minor in Education for prospective Dental teachers has also been arranged with the cooperation of the Graduate School of Southern Methodist University.

### Graduate Faculty

DR. HARRY B. MCCARTHY, B.Sc., M.A., D.D.S.	Dean
JOHN A. CAMERON, A.B., A.M., PH.D.	Director of Graduate Work, Chairman Graduate Committee and Professor of Gross and Microscopic Anatomy.
BROOKS BELL, D.D.S., F.I.C.D.	Professor of Orthodontics
JACK G. BISHOP, B.Sc., M.S., PH.D.	Associate Professor of Physiology
D. LAMAR BYRD, D.D.S., M.S.D.	Professor of Oral Surgery
CHARLES KENNETH COLLINGS, B.S., A.M., D.D.S.	Professor of Periodontia
RAYMOND F. COURTIN, B.Sc., M.D.	Professor of General Anesthesia
ELI ROBERT COX, B.Sc., M.D.	Professor of Physiology
SOL HABERMAN, A.B., A.M., PH.D.	Professor of Bacteriology
JOSEPH M. HILL, B.Sc., M.D., D.H.C., D.Sc.	Professor of Pathology
ALBERT PAUL HORTON, D.D.S.	Professor of Children's Dentistry
JAMES BYRON HUTCHESON, A.B., M.D.	Assistant Professor of Pathology
LESTER MATTHEWS, B.Sc., M.S., PH.D.	Assistant Professor of Anatomy and Physiology
SAMUEL R. PARKS, D.D.S., F.A.C.D.	Professor of Periodontology
ALVAN C. SLOAN, D.D.S., F.A.C.D.	Professor of Surgery
CHARLES R. STEWARD, PH.C.	Professor of Chemistry
PHILLIP EARLE WILLIAMS, B.Sc., D.D.S., F.A.C.D.	Lecturer in Oral Diagnosis

### Graduate Committee

Chairman	DR. CAMERON
Professors	BYRD, CAMERON, COLLINGS, HABERMAN, HILL, MCCARTHY AND STEWARD
Lecturer	P. E. WILLIAMS

### Tuition

Graduate work tuition, \$750.00 per academic year.

### Graduate Study

1. Supervision of the graduate study in the Baylor University College of Dentistry is vested in the Graduate Committee appointed by the Dean of the College. The Graduate Committee is responsible for the training and examination of each candidate for the degree of M.S.D., and each graduate or post-graduate student.
2. The Graduate Committee appoint a Supervising Committee for the work of each candidate for the degree for M.S.D.
3. Each Supervising Committee includes members of the departments in

which the work of the candidate is to be done, one member of the Graduate Committee, and the Dean of the College of Dentistry.

4. When a candidate has completed his required work to the satisfaction of his Supervising Committee, the Supervising Committee reports in writing to the Graduate Committee, which, if satisfied with the work of the candidate, recommends the conferring of the degree to the President through the Dean of the College of Dentistry.
5. Tuition and fees for the graduate and post-graduate work are determined by the Dean.

### Requirements for the Degree of Master of Science in Dentistry

1. The candidate must possess at the time of admission to candidacy: (a) the degree of D.D.S. or D.M.D. from a recognized Professional School, and (b) a Bachelor's degree or equivalent from a recognized four-year College.
2. Each candidate must complete: (a) one-half year's work (15 semester hours or more) in one field of Clinical Dentistry, (b) one-half year's work (15 semester hours or more) divided among three or more of the preclinical sciences, as determined by the Supervising Committee, and (c) must submit to the Graduate Committee of the College of Dentistry three typewritten copies of a thesis or report based on some phase of his work and accepted by the Supervising Committee.
3. All work offered for the degree must be completed within the six consecutive calendar years ending with the date the degree is conferred.
4. The degree of Master of Science in Dentistry will be conferred by Baylor University upon recommendation of the Supervising Committee for the Candidate, approval by the Dean and Graduate Committee of the College of Dentistry, and acceptance by the President of the Board of Trustees.

---

#### GRADUATING CLASS — 1956

Acevedo, Francisco.....Puerto Rico	Bollen, Lindy V.....Vilonia, Ark.
Alexander, Leo Gus.....Dallas	Brackeen, John T., Jr.....Dallas
Anderson, Gunnar Ward, Hugo, Okla.	Brock, Sam H., Jr.....Dallas
Bauchert, James A.....El Paso	Burns, William E.....Phoenix, Ariz.
Behner, Hans H.....Buffalo, N. Y.	Campbell, Homer R., Jr.....Tulsa, Okla.
Bell, Franklin E.....Amarillo	Catledge Melvin B.....Long Beach, Calif.
Barviaks, Biruta B.... Los Angeles, Calif.	Christian, Thomas A.....San Antonio

Cole, John R. ....	Bastrop, La.	McKinney, Gerald L. ....	Sweeney
Colon, Hector .....	Puerto Rico	Morris, Joe K. ....	Van

 MADELINE ROACH MEYERCORD, B.A., M.A., English, Speech.  
 EVELYN FRANK MOOREHEAD, B.A., M.A., Sociology.  
 CHARLES M. PEARCE, D.D.S., Radiography, Radiography Technique and  
 Interpretation.  
 DUDLEY ROUSE, B.A., M.A., Psychology.  
 WALTER C. STOUT, D.D.S., Oral Hygiene, Preventive Dentistry.  
 MARTHA JEAN WILLIAMS, D.H., Clinical Instructor.  
 HAROLD B. YOUNGER, D.D.S., Office Management.  
 EUGENE ZIMMERMANN, B.Sc., D.D.S., General and Oral Pathology, Public Health.

**Introduction and Historical**

Dental hygiene is an important and rapidly growing profession for alert young women. The first small group of dental hygienists was trained by a practicing dentist in Connecticut 42 years ago. All of the 48 states, the District of Columbia and Hawaii now license dental hygienists to practice, under the supervision of a licensed dentist, in dental offices,

hospital clinics, schools, dental clinics of the Armed Forces, and public health agencies.

The Caruth School of Dental Hygiene was equipped by a generous gift from the Caruth Foundation of Dallas in 1954 in honor of W. W. Caruth, Sr., pioneer Texas philanthropist.

The first class of Caruth School entered on September 15, 1955.

### **Dental Hygiene as a Profession**

The licensed dental hygienist may be employed in a private dental office or in public schools or other institutions under the supervision of a licensed dentist.

In the private dental office her principal duties are in performing oral prophylaxes and educating the patient in proper care of the mouth. Her duties include taking necessary X-rays, developing and mounting films. She is also trained to assist the dentist in other duties in the dental office.

In public health service, which includes public schools and other dental health programs, the dental hygienist is an educator, giving personal and classroom instruction in mouth hygiene, making records of mouth conditions and giving oral prophylaxes. She is often asked to give talks on dental health to civic groups.

### **Requirements for Admission**

Graduation from an accredited high school course of study which meets the entrance requirements for the College of Arts and Sciences. Applicants should include a course in general chemistry and biology. Approximately a year's experience as a dental assistant is desirable for all students entering the dental hygiene program. This experience will give the student an opportunity to become acquainted with the routine of a dental office and provide some indication of whether she is fitted for and interested in a career in dental hygiene. Applicants must be between the ages of 18 and 35.

### **Procedure for Applying**

Application for admission to the course for dental hygienists may be made after completing three years of high school. Application blanks are available upon request on or after October 1st, for admission the following September and may be obtained by writing to the Office of Admissions, Caruth School of Dental Hygiene, Baylor University, 800 Hall

Street, Dallas, Texas. Full instructions will be included with the application blank. Applicants having college credit will be given preference over high school graduates.

An application fee of \$5.00 must be returned with the application. When the material is complete, the application will be reviewed by the Faculty Committee on Admission and the applicant will be notified of the committee's action as soon as a decision has been reached. A deposit of \$25.00 on tuition for the first trimester is required within a reasonable time after the student receives notice of acceptance.

Tuition in the Caruth School of Dental Hygiene is \$450 per year, payable in three installments of \$150 each. In addition, the student must pay for uniforms, caps, white shoes, instruments, textbooks, and incidental supplies.

### **Dormitory Facilities**

Dormitory space is available for approximately 15 dental hygiene students in the nurses home of Baylor University Hospital on the Baylor Campus in Dallas.

Dormitory facilities include single or double rooms (all single beds), electric washing machines, sewing machines and ironing rooms. Students must furnish all linens. The fee is \$20.00 per month, payable in advance, at the Director's office in the dental college.

A coffee shop and cafeteria are located in the hospital building, for student's use.

Those interested in dormitory arrangements should make reservations with the Director of the Dental Hygiene School prior to September 1.

### **Organization of the Teaching Program**

The Certificate in Dental Hygiene is awarded to successful students after two full years (100 quarter hours in all). This certificate entitles the graduate to apply for examination for license by the Texas State Board of Dental Examiners. It also permits the holder to enter Baylor University at Waco as a Junior student. It is believed that other four year colleges will accept the certificate as equivalent to Junior standing.

## CURRICULUM

### FIRST YEAR

	Clock Hours	Quarter Hours
<b>First Trimester:</b>		
Dental Anatomy .....	99	5
Oral Hygiene .....	22	2
Biology .....	77	5
Chemistry .....	44	3
English .....	33	3
First Aid .....	22	1
 <b>Second Trimester:</b>		
Human Anatomy .....	66	4
Chemistry .....	44	3
Prophylaxis Technique .....	99	3
Radiology .....	11	2
Dental Clinical Assisting .....	44	1
English .....	33	3
Speech .....	32	3
 <b>Third Trimester:</b>		
Bacteriology .....	77	4
Personal and Community Health .....	18	1
Physiology .....	66	4
General and Oral Histology .....	55	3
Dental Hygiene Clinic .....	44	1
Dental Assisting .....	44	1
English .....	33	3
Speech .....	16	1
Radiology and Interpretation .....	22	1

### SECOND YEAR

<b>First Trimester:</b>		
Oral and General Pathology .....	44	3
Sociology .....	32	3
Psychology .....	32	3
Visual Education .....	11	1
Preventive Dentistry .....	11	1

Clinic .....	125
Dental Assisting .....	100

**Second Trimester:**

Psychology .....	16
Pharmacology .....	22
Nutrition .....	33
Sociology .....	16
Advanced X-Ray .....	11
Dental Hygiene Clinic.....	125
Dental Assisting .....	100
Children's Dentistry and Orthodontia.....	11
Dental Materials .....	33

**Third Trimester:**

Dental Health Education.....	33
Public Health Dentistry.....	33
Child Development .....	33
Ethics, Jurisprudence, Office Management.....	22
Dental Hygiene Clinic.....	125
Dental Assisting .....	100
Periodontia .....	11

TOTAL FOR TWO YEARS.....	2,080	1
--------------------------	-------	---

## DORMITORY FACILITIES

Dormitory space is available for approximately 15 dental hygiene students in the nurses home of Baylor University Hospital on the Baylor Campus in Dallas.

Dormitory facilities include single or double rooms (all single beds), electric washing machines, sewing machine and ironing rooms. Students must furnish all linens. The fee is \$20.00 per month, payable in advance.

A coffee shop and cafeteria are located in the building.

Those interested in dormitory arrangements should make reservations with the Registrar prior to September 1.

## ORGANIZATION OF THE TEACHING PROGRAM

The Certificate in Dental Hygiene is awarded to successful students after two full school years (100 quarter hours in all). This certificate entitles the graduate to apply for examination for license by the Texas State Board of Dental Examiners. It also permits the holder to enter Baylor University at Waco as a Junior student so that it is possible to complete the Bachelor of Science Degree through two years in the Caruth School in Dallas and two years in Baylor at Waco. It is believed that other four year colleges will accept the certificate as equivalent to Junior standing. Only the first year's work will be offered in 1955-56.

## CURRICULUM — FIRST YEAR

## Quarter Hours Per Trimester

	1st	2nd	3rd
Anatomy .....	—	4	—
Bacteriology .....	—	—	5
Biology .....	5	—	—
Chemistry .....	3	3	—
Dental Anatomy .....	5	—	—
Dental Clinical Assisting.....	—	0.5	0.5
